

**In the claims:**

Please amend the subject claims as follow:

1. (Currently amended) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment; and  
~~a display tag having a display area positioned substantially on top of vertically above one or both of~~ said supporting arms for displaying sales information related to said garment hanger.
2. (Cancelled) ~~The garment hanger retail package of claim 1 wherein said suspension member defines a hook portion; said display tag is further trimmed to positioned below said hook portion.~~
3. (Cancelled) ~~The garment hanger retail package of claim 1 wherein the terminals of said support arms remote from said suspension member defines the width of said garment hanger, and said display tag has a width equal or shorter than the width of said garment hanger.~~
4. (Original) The garment hanger retail package of claim 1 wherein said display tag further comprising a flap having a hole for engaging the suspension member of said garment hanger.
5. (Currently amended) The garment hanger retail package of claim 1 wherein said display tag further comprising at least two holes, ~~each located around the foot print of said garment hanger~~ positioned for attaching said display tag to said garment hanger.

6. (Previously presented) The garment hanger retail package of claim 1 further comprising at least two separated fasteners for securing said display tag behind said garment hanger and for providing a full frontal view of said garment hanger in a store.

7. (Cancelled) ~~The garment hanger retail package of claim 6 wherein the frontal view of said garment hanger locates behind said fasteners, and said fasteners are further configured to provide a color similar to the color of said garment hanger.~~

8. (Original) The garment hanger retail package of claim 6 wherein said garment hanger is an adjustable width hanger having two stationary supporting arms and two movable arms configured to adjust the width of said hanger, wherein said fasteners are attached either to the medial portion or the stationary arms of said hanger so as not to interfere the motion of said movable arms.

9. (Previously presented) The garment hanger retail package of claim 1 wherein said package comprises at least a first and a second garment hanger, said first garment hanger is positioned in front of said display tag, and said second garment hanger is positioned behind said display tag.

10. (Previously presented) A garment hanger retail package comprising of at least a first and a second garment hanger; each garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment; and a display tag positioned in front of said second garment hanger and behind said first garment hanger, said display tag is further provided a display area extending along the extension of said support arms.

11. (Original) The garment hanger retail package of claim 10 wherein said display area is positioned substantially on top of said support arms.

12. (Previously presented) The garment hanger retail package of claim 10 further comprising fastening means for attaching at least two points of said first garment hanger to said display tag.

13. (Previously presented) The garment hanger retail package of claim 12 wherein said fastening means comprises a flap folded from said display tag.

14. (Previously presented) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment;  
a display tag positioned behind said garment hanger for providing a full frontal view of said garment hanger and for defining a display area; and  
fasteners provided for attaching at least two points of said first garment hanger to said display tag.

15. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a transparent tape.

16. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a tape similar in color to a portion of the hanger fastened by the tape.

17. (Original) The garment hanger retail package of claim 14 wherein said fasteners comprise a flap folded from said display tag.

18. (Previously presented) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms  
extending from opposite directions of said suspension member for supporting a  
garment; and  
a display tag positioned behind said garment hanger for defining a display area  
and for providing a full frontal view of said garment hanger, wherein said display  
tag comprises a folded flap engaged with the suspension member of said  
garment hanger.

19. (Original) The garment hanger retail package of claim 18 wherein said  
folded flap comprises a hole for fitting said suspension member.

20. (Original) The garment hanger retail package of claim 18 wherein said  
hole is provided by at least one slit.

21. (Original) The garment hanger retail package of claim 18 wherein said  
display area is positioned substantially on top of said supporting arms.

22. (New) A garment retail package comprising:  
at least one garment hanger having a suspension member extending from a  
medial portion;  
first and second support arms extending from opposite directions of said medial  
portion for supporting a garment;  
wherein a space positioned vertically above said first support arm defines a first  
display region; a space positioned vertically above said medial portion defines a  
second display region and a space positioned vertically above said second  
support arm defines a third display region;  
said garment hanger retail package further comprising a display tag having a  
front facing display area positioned substantially on top of said first and/or third  
display regions.

23. (new) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms  
extending from opposite directions of said suspension member for supporting a  
garment;  
a display tag positioned behind said garment hanger enabling said retail package  
to display a full frontal view of said garment hanger; and  
attaching means provided for attaching said display tag with said garment  
hanger.

24. (new) The garment hanger retail package of claim 23 wherein said  
attaching means are defined by one or more fasteners having a color similar to  
the color of said garment hanger.
